

TR 2000-HRH

SEMI-HYDRAULIC RIDE-ON TROWEL, PETROL

Semi-hydraulic ride-on trowel with joystick control for larger surfaces, intended for levelling and troweling of freshly laid concrete floors.

All of our machines are versatile and easy to operate. Designed for heavy-duty and with high reliability. This means low running and maintenance costs.

- Easy-to-drive, smooth and well-balanced trowel for optimal processing of concrete.
- High maximum work RPM gives an effective and quick processing time of fresh concrete.
- Thanks to the high driving position, the

operator has a good visibility of the work throughout the process.

- The oversized chassis frame effectively protects the rotary work tool from damage.
- Four LED lights effectively cover all angles and provide excellent light around the machine.
- Double water sprinklers can be used in case the concrete dries quickly.
- Equipped with Swepac's unique blade locking system. No tools required for replacement, only 1 pin per blade.
- Designed to give easy access to vital service points.
- Built-in transport wheels for easy transportation. The transport handle on the left side folds out easily to make the ride-on trowel simple to move for one person.

TECHNICAL DATA – TR 2000 HRH

Engine, petrol	Honda GX690, 2-cylinder, air cooled 4-stroke
Engine power	16,5 kW (22,1 hp)
RPM (drive shaft)	3600 rpm
RPM (blade cross)	max. 165 rpm
Fuel tank capacity	8,5 liter
Water capacity	8.5 liter
Net weight (without water and fuel)	400 kg

TECHNICAL DATA – TR 2000 HRH

Dimensions	
Protective cover diameter	2000 x 1000 mm
Trowel diameter	1905 x 935 mm
Floating disc diameter	1920 x 950 mm
Whole body vibrations according to ISO 2631	X-0,6 m ² , Y-0,4 m ² , Z-0,25 m ²
Guaranteed sound power level, LwA	104 dB (A)
Sound pressure level (at operator's ear), OP	88 dB(A)

Swepac is Sweden's leading manufacturer of soil compactors. The company has a wide range of products, with different engine alternatives and a variety of sizes for every application. Swepac is certified for quality and environmental management under ISO 9001 and 14001, and our machines are CE-certified. You will find detailed information about the company and our products on our website, www.swepac.com. We reserve the right to make changes in technical specifications without prior notice.
